# ***Telehealth and Psychosocial Crisis Intervention for Patients, Family and Staff in Physical-Social Isolation due to the COVID-19***

(ACRM Pandemic Webinar Series)

“The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA”.

# Speaker Information

Fengyi Kuo, DHS, OTR, CPRP  
Chief Therapy Officer, LIH Healthcare

# Disclosures

The following faculty have these relevant financial or non-financial relationships to disclose:

Fengyi Kuo- Salary LIH Healthcare

# Agenda

- Introduction and Objectives (5 min)
- Discussion (40-45 min)
- Q&A (10-15 min)

# Objectives

**General Objective for the Webinar Series: Identify practice parameters in the provision of rehabilitation services through telehealth**

**Specific Objectives:**

- Assess mental health needs of stakeholders in physical-social isolation due to COVID-19
- Understand telehealth program development and adaptations made in response to the pandemic
- Explain core features of a remote psychosocial crisis intervention program
- Discuss challenges and opportunities of implementing telehealth for low-resource environments
- Identify possible social and cultural considerations for remote psychological assistance
